How can Parents and Students see Standards-Based grades in a Class?

Emily Jeanes — October 17, 2016 08:29

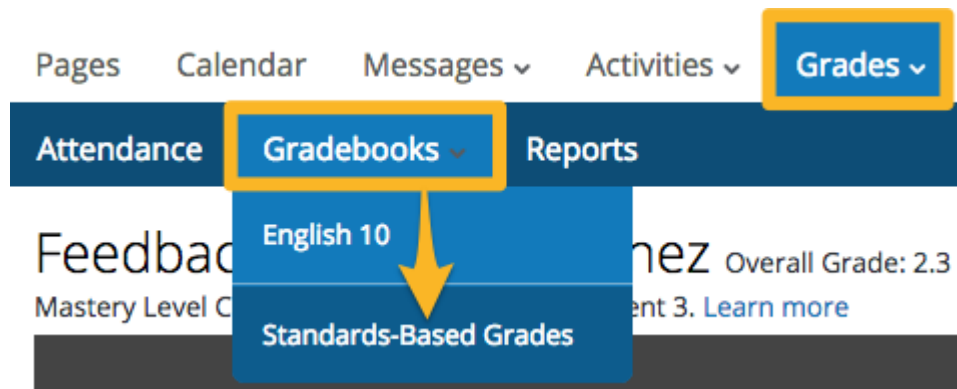

Q. As a Parent or Student, how can I view **Standards-Based Grades** for my class?

A. You can view the **Standards-Based Gradebook** for a class through the **Gradebooks** area of the **Grades** tab by selecting to view Standards-Based Grades.

Please note: This feature is only available to School & District Edition accounts at this time.

View your Standards-Based Grades

To view the **Standards-Based Grades** associated with a class, first go to the **Class**, then select the **Grades** tab, and open the **Gradebooks** area. Select **Standards-Based Grades** from the **Gradebooks** drop-down menu.

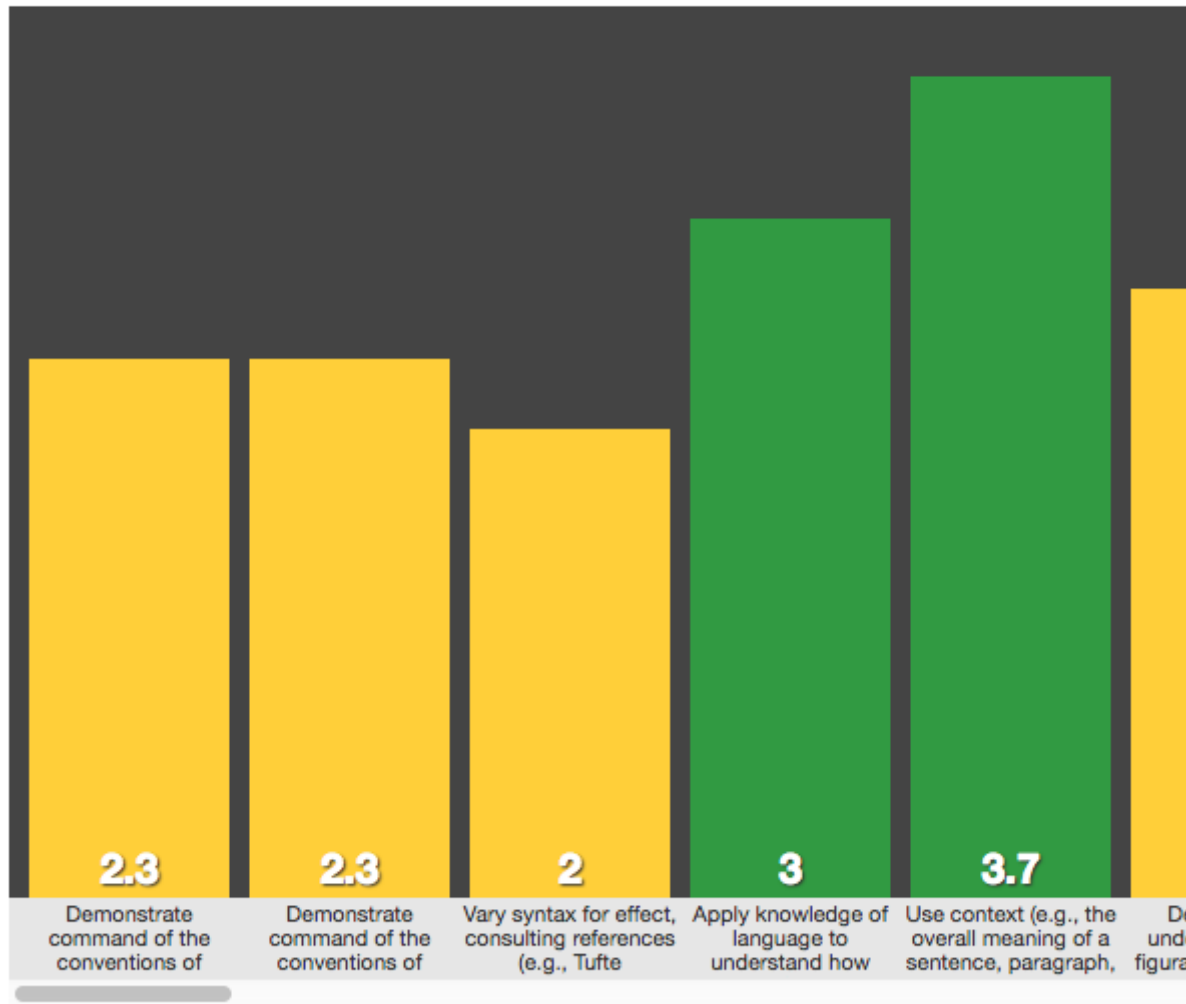

This will bring you to the **Standards-Based Gradebook** for your class, complete with a chart of graded **Standards** associated with the class, recent **Feedback** and scores (on the right!), and the Mastery level and score indication for each **Standard**.
